

GOD's Provision for a GODLY Husband

God has blessed the Christian Husband with many gifts.

His greatest gift is the Wife that he is blessed with.

Through marriage, a Husband and Wife become one before God.

God has blessed men with strength, endurance, courage, skill, and intellect.

God has blessed women with intuition, patience, and attention to detail.

Our walk with God includes seeking daily guidance on how to use the gifts that we are blessed with.

God holds the Husband accountable for their actions and decisions as Husband and Wife.

As we watch the doors God decides to open in our life we seek to do what he wants us to do.

We walk through the door with the assurance that in any good work, God will bless us.

God mandates that Husband's seek Godly counsel in all that he does.

This Counsel includes Daily Prayer with God and the input of the Husband's Christian Peers.

The Counsel of their Wife should be included as the Husband's makes decisions for the family.

God allows for the Husband to fail and to succeed, from failures he learns to grow stronger and wiser.

In God's eyes, failure and success are "Earthly Measures" of worldly ideas of life.

God's provision includes Abundant Blessings for households ran on Biblical Truths and Principals.

A Husband and Wife together must seek God's Provision for themselves and their family's.

God's greatest gift to the Husband is the Wife that he shares Eternity with.
